- demonstrating strong problem-solving and algorithmic skills.

INTERNSHIPS

- Networking virtual internship

Sept 2023 - Nov 2023

Gained practical experience in configuring and troubleshooting network devices using Cisco Packet Tracer. Applied core networking concepts such as IP addressing, subnetting, VLANs, and routing protocols (RIP, OSPF). Completed virtual labs and mini-projects simulating real-world LAN/WAN scenarios and network security setups.
- AWS Data Virtual Engineering

April 2024 - June 2024

Built and automated ETL pipelines using AWS services like S3, Glue, Lambda, and Redshift. Processed and transformed large datasets with AWS Glue and PySpark for data lake and warehouse solutions. Implemented data security, monitoring, and workflow orchestration using IAM, Cloud Watch, and Step Functions.

PROJECTS

- Banking Management System

Built an online banking system to create the accounts, update the details and manage transactions. Used Python for backend logic and SQL for secure data storage and data retrieval. implemented CRUD operations with input validation and error handling.
- Personal Portfolio Website

My personal portfolio site is a fully responsive, SEO-optimized showcase of my professional brand with a clear introduction and highlighted projects on the homepage. The About section outlines about me, my background, core skills, internships and provides a downloadable resume link. An interactive Projects gallery features filterable cards are linked to GitHub, and a streamlined Contact page enables direct outreach.

CLUBS AND ACTIVITIES

- NSS

As a student for NSS I have participated in many events like blood donation camps, plantations, etc. These activities include working with slums, villages, and voluntary organizations, focusing on areas like health, education environment conversation.
- ENGLISH CLUB

As a member of the English Club, I enhanced my communication, leadership, and the event management skills by actively organizing and participating in various workshop and interactive sessions.
